Sponsored by Colgate Oral Pharmaceuticals

Speaker: Marti Santizo, RDH, MBA

Course Goals & Descriptions:

Prevent and Protect Oral
Health for a Lifetime (2CEU)

Describe the caries development process and appropriate intervention strategies.

- Utilizing data obtained through caries risk assessment techniques assign patients to the correct caries risk level.
- Develop and implement an effective *in-office* fluoride treatment protocol, based on appropriate patient risk for caries development.
- Develop and implement an effective *at-home* fluoride treatment protocol based on appropriate patient risk for caries development.

Understand the role of saliva in maintaining oral health

- Know the causes of xerostomia
- Recognize oral complications and manifestations of xerostomia
- Identify prevention and treatment options for oral complications due to xerostomia

Understand the etiology and increase in prevalence of erosion

- Differentiate the causes and clinical appearance of both caries and acid erosion
- Recognize risk levels as a guide to clinical management
- Identify the strategies for prevention and management of dental erosion

Speaker: PJ Attebery, RDH, BSDH

Course Goals & Descriptions:

Oral Implications in Older Adults;
A Growing Need for Care (2CEU)

Understand the prevalence of oral conditions and concerns affecting older patients.

- Identify the physiologic changes in the aging dentition in relation to the oral and dental diseases
- Describe the relationship between oral inflammation and systemic conditions
- Understand how to determine the dental future of the older adult
- Discuss prevention strategies in managing the oral health of older adults in the dental office

Speakers:

Marti Santizo is an Academic Relations Manager for Colgate Oral Pharmaceuticals covering the Pacific and Northwestern United States. Marti graduated from the University of Louisville, School of Dental Hygiene with her Bachelor of Science degree in dental hygiene. She received her Masters of Business Administration degree from the University of Phoenix. Marti has over 25 years of experience in private practice; 15 years were spent working with Dr. Gordon Christensen where she was involved with Clinicians Report (CR, formerly known as CRA) research, and lecturing with Practical Clinical Courses. As a Regional Manager, and a Dental Hygiene Program Director, Marti educated dental hygiene students, territory representatives, and practicing dental professionals on best products and practice techniques.

PJ Attebery is the current President of the Los Angeles Dental Hygienists' Society. She is an active member of the California Dental Hygienists' Association, serving on the Public Health and Government Relations Councils. PJ received her Bachelor of Science degree in Dental Hygiene from the University of Southern California. She has over 30 years of clinical experience and currently practices as a clinician and administrator for the Los Angeles Unite Here Health Dental Center serving labor union members of the hospitality industry. In addition, she is the Clinic Coordinator, under Roger P. Fieldman, D.D.S., at four contracted dental clinics within the Los Angeles County Department of Health Services.
